The Townhouse, located in Roden Place, at the heart of Dundalk Town was established by husband and wife team John and Sarah Kenwright in February 2019.

With over 25 years experience in the industry it was John's passion and drive which led him to open a restaurant that would showcase the all-too-often overshadowed wealth of local produce we have on our doorstep here in the North East. Using the finest local ingredients John and his team have created seasonal, modern Irish menus unparalleled in their creativity and ingenuity.

The building is now home to The Townhouse, a multi - level venue in the heart of Dundalk town centre.
